BN'B RACK Authorized Reseller

01.2017

Established in 2007 with the goal to provide a full range of certified products. City, beach or mountain. Our goal is to help you to carry more gears and to arrive your destination safely. Let's take an adventure today.

Story of BN'B Rack

Beyond The Pursuit Of Italian Peninsula Excellence

The premier global brand for leisure products to BN'B RACK has developed its new product- Roof Box is now in partnership with Italian Design Team.

"Together with our partners, the chief Italian industrial designer, we have created a truly redefined design that delivers world-class quality and style, while staying true to our Roof Box. It's a designer's dream to be able to help BN'B RACK into premium roof box design." We're confident that you will utilize our roof box in every journey.

SECURITY

Safety is essential element to all BN'B RACK branded products. To pass the CITY CRASH test, the components of the roof box must remain on the roof during crash at 300 km/hr, thus ensure the safety of all passengers and other cars on the road.
